

Our children are exposed every day to influences we'd prefer they not have.

At St. Boniface School, they are surrounded, all day, by Christ's teachings.

At St. Boniface School, they are influenced by educators who share your Christian values.

We can't always be there to protect our children from the negative influences of the world.

We won't always be there to tell them what's right and what's wrong.

As Christian parents, it is our responsibility to give them the advantage of a Christian foundation to help them make the right choices.

"Faith in Every Student"

Defining the difference

We are ...
Not only a good school, but a community of Faith,
Not only students, but children of God,
Not only educators, but Ministers of the Gospel,
Called to holiness, in search of truth,
Transforming the World!
Is St. Boniface School for your child?

As a parent, one of the most important decisions in your life is that of choosing an education that will most benefit them. Consider the following reasons St. Boniface is the right choice for your child. St. Boniface School...

- continues the religious formation of your child begun in your home;
- has a proven record of academic excellence. After leaving St. Boniface School, 80% of our students are on the OHJH honor roll. 70% maintain honor roll status at OHHS;
- works closely with you for the good of your child;
- provides a challenging atmosphere;
- maintains a secure, Christ-centered environment;
- has educators who believe that all children can succeed;

Why The Success?

❖ **HIGH EXPECTATIONS**

All students are held to high standards of achievement. Classwork and homework, based on courses of study, reflect this expectation.

❖ **RIGOROUS CURRICULUM**

A challenging curriculum is designed and written by Diocesan teachers under the direction of Catholic Youth and School Services.

❖ **DISCIPLINE ROOTED IN GOSPEL VALUES**

All discipline flows from the belief that each student is a child of God, worthy of dignity and respect.

❖ **COMMITMENT TO PARENTS**

Parents are the first educators of their children. The school serves the parents and partners with them for the good of their children.

What makes a Catholic school different by design?

There is one question asked about a Catholic school more often than any other, "Is there really much difference between catholic schools and public schools?" The answer is an unequivocal "Yes!"

From the street, all schools look alike. It is when you walk inside that you *feel* the difference.

All students attend classes, eat lunch and take tests in school. Only those in Catholic schools benefit from teachings of the Catholic faith being integrated into all aspects of the curriculum, follow the leadership of teachers and administrators who view education as a ministry, address relevant moral issues through service projects and share in liturgical celebrations.

Catholic schools are the means by which our faith is passed from one generation to another.

Through Catholic schools, the faith which we live and profess takes root in young people during their most formative years. Students learn within a community of faith from a Gospel perspective. The Catholic school is a place where students come to know Jesus, his words and his works and are called by His Spirit to a life of faithfulness, hopefulness and service.
